Traceable Calibration

Blue Gizmo™
Your Ultimate Measuring Solution

Blue Gizmo Digital Thermo-Hygrometer with External Probe , BG-HT-08P

Functions

- To monitor outdoor temperature and indoor climate
- Indoor temperature and humidity
- Outdoor temperature via cable
- For the monitoring of freezer / aquarium
- Max / Min function
- Wall mounting and standing purposes

Applications

- Laboratories & Clean room,
- Heating and Ventilating
- Food Processing
- Aquarium
- Freezer
- HVAC, Refrigeration & Airconditioning
- Oven & Chamber Testing with probe

SPECIFICATIONS

Temperature Range	-40 ...+70°C (-40...+158°F)
Outdoor (Cable Sensor)	0 ...+50°C (+32 ...+122°F)
Indoor	±1.0°C at 0 ...+40°C otherwise ±1.5°C
Temperature Accuracy	(±1.8°F at +32 ...+104°F otherwise ±2.7°F)
Humidity Range	20 ... 99% RH
Humidity Accuracy	±5% at 30 ...80% RH otherwise ±7%
Sensor Cable Length	200 cm
Battery	1 x 1.5V "AAA"
Dimension	90 x 19 x 133mm
Weight	116.8g (included battery)

MODEL

BG-HT-08P	Digital Thermo-Hygrometer with External Probe
CAL	Traceable Calibration Certificate with Data (Optional)
